

CEDAR RIDGE FURNITURE

Quality • Affordable • Design

Our fine home office furnishings are designed with style and efficiency to provide you with an organized and comfortable work place.

Our furniture is designed using face frame construction. This provides a strong framework for doors, drawers, and shelving. Dados are cut into the sides and cabinets are assembled using screws and glue for added strength.

Take a close look at our drawers for an indication of the attention to detail built in our furniture. Each drawer box is constructed with dovetails both in the front and back. The joints are tightly fit and hand-sanded, so they are smooth to the touch. The drawers sides are constructed with solid wood; the drawer front is attached to the box. High quality, full extension ball bearing slides operate smoothly and allow easy access to the back of the drawer, therefore, valuable storage space is not wasted.

When you order a grouping, we build it together. Often times, the same piece of moulding is used on multiple cabinets to get consistency of wood grain. It takes extra effort to produce a precision fit. Lastly, choose from our hardware and stain choices to create the cabinets you want. With that all said, we believe our furniture will speak for itself. Available in oak, cherry, maple or quarter sawn white oak.

Looking for Quality You Can Afford?

Solid wood drawers with the strength of dovetail joints

We're not afraid to show you the inside - solid wood construction

Full extension ball bearing slides for years of smooth operation

CEDAR RIDGE FURNITURE

Quality • Affordable • Design

Mixing business with pleasure... Our fine home office furnishings are designed with style and efficiency to provide you with an organized and comfortable work-place. Priced right for today's business-minded decorator.

"Just a small note of thanks for making our file cabinet. We are so pleased with it. We are so glad our friends gave us the Lancaster County Business Directory where we read of your shop."

Thank You again,
Eby

"Your workmanship is excellent. I couldn't be more pleased with the new cabinets."

Thank You so much,
Fisher

"Sorry this thank you note came so late. We truly thank you for the wonderful job you did for us on our custom entertainment center. We absolutely love it and have received so many compliments. Your workmanship is superior. Thanks again and I'm sure we'll be back soon."

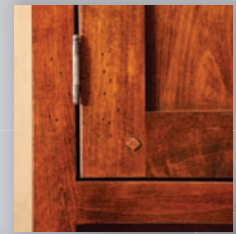

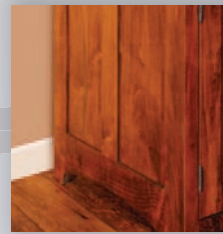

Sincerely,
Sledgen

Dear David,
I cannot tell you in the space of this little card how pleased we are with the desk you made for us. It is exquisite in every way. The loving detail you put into every single inch of this beautiful piece of furniture is greatly appreciate and admired. I am writing this note on one of the slide out shelves that was an unexpected extra. The file drawers are so smooth, and imagine my surprise to find the hardware for my hanging folders already included. The dovetailed drawers, abundance of flat panels, the smoothness of the finish, the richness of the color contrast, the interior drawer detail etc. etc. makes me feel truly inspired to carry out my work. I had to write to say thank you because it is truly a work of art.

Sincerely,
Phyllis Foye

Belmont Desk Group

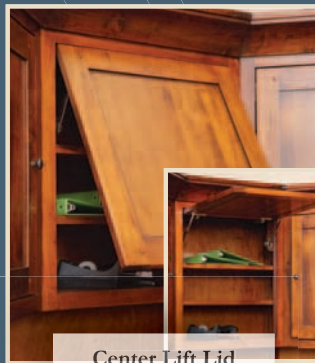

The ultimate in style and function, the Belmont Desk Group is a versatile workspace for all your business endeavors. Our Furniture Warranty

Cedar Ridge Furniture warrants its Furniture products by providing a 10 year limited warranty to the original purchaser. Should any of our furniture products fail due to defects in material or workmanship under normal use within this period, Cedar Ridge Furniture will at its own discretion, repair or replace the defective part. This warranty is not transferable.

This warranty does not cover products which are misused, abused, mishandled, improperly installed, improperly stored, changed, modified, or are subject to extreme temperatures or extreme moisture levels. This warranty is not valid for products used for any purpose other than the purpose for which they were originally intended.

This warranty does not cover the cost of installation, removal, subsequent damage, or transportation of the defective product regardless of whether work was performed by a contractor, service company or yourself.

Variations in color and grain patterns are a natural characteristic of wood. Color changes may occur as a result of aging, exposure to light heat, and other natural and chemical elements. Color variations and changes are not covered by this warranty.

To submit a claim under this warranty, contact the nearest Cedar Ridge furniture dealer, or send a letter explaining the defect, with a dated sales receipt as proof of purchase to:

Attn: Claims Department
Cedar Ridge Furniture
112 Maxwell Hill Rd.
Morgantown, PA 19543

Finish Options

Choosing A Finish

Cedar Ridge finishes are created with both the beauty and longevity of your furniture in mind. Our furniture undergoes a minimum of a 6 step finishing process that not only lets the natural splendor of the wood shine through, but also protects against scuffs, dents, moisture and household chemicals.

Our finish choices allow you to create anything from a clear, natural wood look to a one-of-a-kind weathered heirloom appearance.

Character Finishes

These artful combinations of durable finishing and authentic hand craftsmanship create beautiful aged-looking finishes. Each of our distressed finishes begin with one of our standard stain colors, then accented with a variety of character effects, then complimented by a hand-rubbed glaze in a flat sheen topcoat. Different look are achieved by combining various effects.

Photographs in this brochure are for illustration only. Actual wood color and finishes may vary due to printing process.

For a truly unique piece of furniture, choose from our distressing options.

Our STANDARD DISTRESSING includes:

Worm Holes - A specific type of physical distressing that mimics naturally produced worm holes seen in old wood.

Round-Over - Light sanding over corners and edges to soften them, creating an aged and weathered appearance.

Hand Rubbed Glazes - This adds another layer of beauty by accenting your character marks. The glaze leaves a delicate coating over the entire surface, while adhering more visible to corners, profile edges and detail areas

Conversion Varnish - Last but not least, our furniture gets a high quality conversion varnish top coat.

Our OLD WORLD DISTRESSING includes:

Worm Holes

Round-Over

Hand Rubbed Glazes

Conversion Varnish

Artist's Marks - Impacting the furniture surface with various tools to reproduce wear, split marks, and other signs of age and weather.

Simulated Cracks - Marks get cut into the wood in various ways as to simulate loose joints and splits in the wood.

Natural Character - Small knots, mineral and sap may be left in the wood to add to the beauty of this aged look.

Burnished Edges - Certain edges get lightly burnished to help create that old darken, worn edge look.
